## Music Program Given at Club Gathering

Margaret Harshaw and John Thoms Delight Narberth Audience

### SCHEDULE OF EVENTS

A brilliant and outstanding musical program was presented by Margaret Harshaw and John Thoms, of the Savoy Opera Company, at the open meeting of the Woman's Community Club of Narberth, held on Tuesday afternoon in the Community Building. Miss Harshaw, a native of the borough, was in fine voice and sang all her various numbers with great feeling and fine technique. She sang three groups of four numbers each.

Mr. Thoms played three numbers with verve and brilliancy.

Miss Dorothy Van Loon, of the Art Alliance Circulating Picture Library, was one of the speakers of the afternoon. She talked about her painting, which is the picture of the month presented to the club by the Art Department.

The Fellowship chairman, Mrs. J. H. Speck, announced that the Fellowship luncheon and card party scheduled for the third Thursday would be held on April 23 in the Girl Scout wing of the Community Building. There will be a door prize and lovely prizes for the winners of the highest scores. Reservations should be made with Mrs. H. F. Stevens. Mrs. J. S. Davidson was the hostess of the afternoon.

All members of the club who wish to go to the Montgomery County Federation meeting on Thursday, April 16, at North Wales are to meet at 9.30 A. M. at the south side of the Penn.

## The Political Pot

It is felt in political circles that Dennis A. O'Neill and Wellington R. Rosenberry, Norristown attorneys, in some way should be made honorary members of the Republican party. For while Messrs. O'Neill and Rosenberry, independent Democrats, might not desire the honor, certainly they are entitled to it.

By uncovering the system of Lineaweaver-WPA political rewards as shown in the case of the Narberth couple who are drawing \$320 monthly between them from the WPA, and by inducing the Montgomery County to order stricken from the ballot for faulty petitions the names of three New Deal county committee prospects, it is felt the Democratic counsellors have done more to wreck the New Deal, locally, at least than have members of the Grand Old Party.

The feud, indeed, is becoming so bitter between the New Dealers and the Democrats that the two factions are virtually separate political parties. All of which should help to roll up a large Republican majority, or should one say, plurality.

John C. Bell, Jr., Wynnewood Commander of the Crusaders of Pennsylvania, this week attacked the \$70,000,000 appropriation sought by Governor Earle for the next year. "If Governor Earle," he said, "would divorce politics, inefficiency and corruption from relief, the cost of relief would be tremendously reduced. Many leading Democrats have stated that relief is costing three times what it should cost," he added.

Theodore Lane Bean, Montgomery County's State Senator, also took the Earle administration to task in an address before the Republican Women of Philadelphia. Senator Bean announced he would "fight to the last ditch" against any increase in the State gasoline tax, one of the proposed ways of raising that seventy million dollars.

With the New Deal party losing ground as it is, the incumbent Republican congressmen from both Montgomery and Delaware Counties should have easy sailing to re-election. James Wolfenden is unopposed in his own party for another term from Delaware County. J. William Ditter, Amble, has the opposition of H. Eugene Gardner, Glenside attorney. Mr. Gardner, who favors a modification of the Townsend old age pension plan and other social reforms, no doubt will get a fair vote. But his platform will not stampede conservative Montgomery Counties.

## 500 Children in Lucille Stoddart Dance Classes--78 in Coming Display

The Lucille Stoddart Dance Display which will be presented by the Woman's Club of Bala-Cynwyd at the Junior High School auditorium Friday night, April 24, is rapidly attaining that degree of perfection which is associated with Miss Stoddart's work.

The Dancing Committee of the club, under chairmanship of Mrs. E. Harmon Friel, succeeded last year in securing Miss Stoddart to conduct classes at the Woman's Club. The school in its first year numbered one hundred and fifty. In the dance display of last year there were twenty children. This year's classes number over five hundred, while seventy-eight children will be in the display. So large were the groups that another chairman was added, Mrs. George Lincoln, and large committees headed by Mrs. L. Herbert Tily and Mrs. Gertrude Van Roden were of invaluable assistance.

Miss Stoddart's great success as a teacher of dancing is due to her excellent training and experience. Her home is in Milwaukee, where as a child she studied dancing in groups such as she now conducts here. There

her ability made her outstanding and she continued her studies with the best teacher in her home city, later going to Chicago, then to New York, and finally to England and France, where she studied under the world's best teachers of dancing.

Returning to Milwaukee, she conducted classes there, also planning costuming and directing the Junior League shows and similar productions for the Milwaukee Athletic Club.

Several years ago she went to New York, where it was her ambition to conduct a school for teachers. Teachers' classes were organized and during holiday sessions she ran a Dance Congress, for the last three years extending the summer session to include work abroad under the Dancing Masters' Association of England and France.

Miss Stoddart's dances are all completely original, as are the designing of the stage sets and the costuming.

### Lower Merion-Narberth Council Annual Meeting Next Tuesday

At the annual meeting and election of the Lower Merion-Narberth Council of Republican Women at Whitehall Hotel, Haverford, on Tuesday at 1 o'clock, Mrs. John Y. Huber, Jr., president, will discuss candidates and party issues.

Mrs. Samuel B. Scott, Chestnut Hill, recording secretary of the Pennsylvania State Council of Republican Women, will talk on the merit system of selecting government officials. Mrs. Willis T. Spivey, Westtown, chairman of Government and Economic Welfare of the Pennsylvania League of Women Voters, will speak on the Social Security and Economic Welfare.

At the meeting plans will be announced for a State Council membership campaign.

Reservations for the luncheon can be made through Mrs. J. C. Ferguson, 3d, at Ardmore 4686.

## Narberth Players Plan Gala Evening

Tense Drama, Hilarious Skit and Dance Number Tuesday Night

### FRIENDS ARE INVITED

What will perhaps be one of the most entertaining and best attended meetings of the Narberth Players will be held next Tuesday evening at the School Auditorium, at 8.30 sharp. Friends of the Players as well as members are invited.

The feature play of the evening "The Undercurrent," a tense and dramatic story, which won the Drama League Cup at the Chicago Little Theatre Tournament, May, 1928, was presented by the Town and Gown Play-Shop of Northwestern University and played over this country and Canada for a run of over one thousand consecutive performances. The very able cast includes, Ruth Rollins, Blanche Hongler, Faith Farmer, Bill Muller and Mrs. William Bailey.

This play will be preceded by "The Pride of the Claghornes," the outstanding sketch of the best revue of 1931—"The Band Wagon." The cast presenting this uproarious riot of fun includes, Clair Farley, Peggy Bailey, Paul Brown, Bob Estes, Paul Good-year, Roy Greenwood and Joe Hongler.

Interspersed between these two plays an exceptionally clever dance number will be presented by Grace Werner and Lew Clawges, who gave a noteworthy performance in the 1935 vaudeville.

Mrs. Phil A. Pitcher, chairman of the Entertainment Committee, has placed the entire evening in the hands of Bill Muller, who is directing the plays and is being assisted by Ann Darville in charge of stage and property effects.

Non-members may attend by the payment of a nominal guest fee of 25c. Come early and get a good seat to avoid disappointment.

The next major production of the Narberth Players will be "Good Bye Again," a large bottle of merriment to be given April 24th and 25th. Rehearsals are now in progress.

Many local stores will be closed from 2 to 3 o'clock this afternoon

## Veterinarian Tells Rotary Dog Quarantine Vital

"Quarantine is the only possible way to control rabies, and the prompt action of Lower Merion Township in establishing such a quarantine was a courageous and wise act." This is the opinion of Dr. Raymon M. Staley, Narberth veterinarian, who spoke Tuesday before the Bala-Cynwyd-Narberth Rotary Club.

Rabies, the speaker said, is a disease leading to the most horrible kind of death. Once symptoms are found, it is too late, making it necessary to observe the greatest precautions. "Don't kill a dog which bites you," Dr. Staley warned, "for observation of the animal for ten days is the only way of determining if you have been infected."

Cessation of dog catching in Philadelphia for three years was blamed by the speaker for the present serious outbreak. Now, with control resumed, he expects an early diminution of the danger.

### School Opens Thursday

The Narberth public schools, which closed for Easter holidays yesterday afternoon, will reopen next Thursday morning, it was announced this week by Principal W. James Drennen.

Final arrangements for the banquet will be completed by the Mulieres Monday afternoon at 2 o'clock in Elm Hall.

At the monthly meeting of the Narberth Fire Company on Monday evening it was decided to withdraw the former privilege of lending chairs and tables for community use, as many were lost or broken. New tables and trestles were purchased to replace those no longer usable.

## Junior Club Dance at Overbrook Golf 18th

Directors Plan Final Mother's Day Party and Final Banquet

### TO NOMINATE OFFICERS

The Board of Directors of the Narberth Junior Community Club met Monday evening at the home of the secretary, Mrs. Betty Price. Dates were set for forthcoming events of importance: Mother's and daughter's party, May 14, and the closing club banquet May 28.

The Mother's Day party will be in charge of a committee headed by Mrs. Ellsworth Clark, who will arrange a very interesting program at the clubroom for the occasion. The final banquet arrangements will be in charge of Mrs. Harold Griest, past president of the club, who will select the place for the dinner and arrange for bridge to follow.

A Nominating Committee was appointed to choose a slate for the coming election. An appropriation was set aside for sending two delegates to the spring State convention May 17.

Two resignations were accepted, one from the president, Miss Alice Francis, to take effect at the end of the current year; the other from a director, Mrs. James D. Rowe. Both gave as reasons for resigning, uncertainty of plans for next year.

The next club dance will be Saturday evening, April 18, at the Overbrook Golf Club. Music will be by the same splendid orchestral group as at previous dances, sponsored by Don Bestor. There will be no tickets. Admission, \$1.50 per couple, must be paid at the door. The proceeds from this dance will be for the Royer-Greaves School for the Blind at Collegeville. "Everyone has a good time at Junior Dances." Let's go! Mrs. Betty Caldwell is dance chairman.

## Narberth Firemen Save Four at Blaze

Wynnewood Physician's Household Carried Down Ladders to Safety

### EFFICIENCY IS LAUDED

Narberth firemen early Monday rescued Dr. and Mrs. Paul A. Bishop, of Penn road, Wynnewood, and two servants from their blazing home by carrying them down ladders to safety.

Trapped on the second floor, the physician, by calling out, aroused his neighbor, Samuel McClellan, 3d, who put in an alarm to the Narberth company.

On the firemen's arrival he threw a door key to them so they could get to the source of the blaze.

Two Scotties, "Charlie" and "Susie," were also carried down the ladders by Dr. and Mrs. Bishop.

Dr. Bishop said the response of the firemen was prompt and the blaze was extinguished with a minimum amount of damage.

"From our investigation," the doctor said, "the fire started from defective wiring in the basement. This destroyed the electric light circuit and burned out the telephone connections."

Charles V. Noel, chief of the Narberth Fire Company, said his investigation and estimate of the loss placed the damage to the house at several hundred dollars and the clothing loss at \$1100.

In Villanova Sunday morning J. Browning Clement, Jr., succeeded in extinguishing a blaze in his home before the arrival of the Bryn Mawr firemen.

## The Grist Mill

Fourteen Lower Merion properties and one Narberth building and tract were sold by Montgomery County Sheriff Edwin N. Bellis at Norristown last week. Counsel for the owners bid in the delinquent premises in most cases.

Dr. H. F. McDuffee, Narberth, is the new chairman of the law enforcement committee of the second district, Pennsylvania State Dental Society.

Main Line Lions will sponsor a number of speakers in behalf of the movement for increased playground and park facilities, with Joseph M. Baltz as committee chairman.

Chinese last Sunday made their annual visitation to their cemetery on Conshohocken State road, Bala-Cynwyd, carrying food and wine to the graves to provide their ancestors with nourishment on their long trip to the Oriental heaven.

A proposal to reduce the extra handset charge from 25 cents a month to 15 cents, effective April 15, has been filed with Public Service Commission by The Bell Telephone Company of Pennsylvania.

Nicholas Parrino, Lansdowne youth, convicted of robbing a service station at Greenfield and Lancaster avenues, Ardmore, on January 2, this week drew a five-to-ten years' jail sentence in the Montgomery County Court.

Delaware County commissioners have increased that county's tax rate from 4 mills to 6.25 mills, the addition chiefly being necessary to cover poor district requirements.

County commissioners, township and borough representatives have been invited to a conference for discussion of planning in the Philadelphia Tri-State District next Thursday and Friday at Houston Hall, University of Pennsylvania.

An underground stream Monday night caused a cave-in on the lawn of Ernest Purcell, 718 Aubrey avenue, Ardmore. A miniature gully, 15 feet wide, 10 feet deep and 75 feet long, threatened to undermine the foundation of the house. The stream runs for several squares under Ardmore Park homes.

Excavation work has been started for the new \$60,000 home of Cary W. Bok on the 14-acre tract at Mill Creek and Righters Mill road, Ardmore.

Given only at four-year intervals, the present-day May Day celebration is the ninth in the history of Bryn Mawr College.

To date the alumnae have secured \$919,000 toward the fund, the major objective of which is to erect a new science building with modern laboratories and laboratory equipment.

Mrs. James Chadwick-Collins, of Bryn Mawr, director for May Day in 1932, will again direct the fete. ### Rabies Epidemic Ending; Health Report Optimistic

With no new cases of rabies in the last twenty days among the dogs picked up, and under observation, in Lower Merion, the Township Board of Health will ask the Township Commissioners on Wednesday to approve a resolution cutting the observation period from 100 days to ten days on canines which have bitten persons.

Believing the epidemic danger has lessened tremendously, the health authorities took this step at the April meeting.

In spite of recent near-flood conditions, Dr. David Wilbur Horn, township chemist, reported both tests of drinking water and swimming pools were satisfactory.

Of the 88 cases of contagion in March most were of a "light" nature, largely chicken pox, German measles and mumps, according to Health Officer Marvin E. Reynolds.

Dr. George W. Grim, milk control officer, stated that all ice cream companies had made general improvements in their plants and in working conditions for employees.

## Twenty-Five Years

ALBERT A. REITER  
who, on Monday, will have been with the Autocar Company for twenty-five years.

### A. A. Reiter Quarter Century at Autocar

A quarter century with the Autocar will be rounded out next Monday by Albert A. Reiter, office manager and factory accountant of the Ardmore manufacturing firm. Regarded as a young man by his associates, Mr. Reiter's connection with the company predates the construction of the three large modern buildings which now house the truck-making activities.

With the position of clerk in the payroll department, Mr. Reiter came to Autocar on Good Friday, April 13, 1911. He became successively junior accountant, assistant factory accountant and factory accountant, to which position he later added the job of office manager with responsibility for 100 of the company's employees.

Mr. Reiter lives on Kathmere road, Brookline, where he and Mrs. Reiter are active in local civic affairs. He is treasurer of St. Faith's P. E. Mission, of the Haverford Township Civic Association and of the Haverford Township Union League. He is also a director of the Haverford Township Square Club. He has two married children, Mrs. Carol G. Betty, of Ardmore, and Kenneth Reiter, of Brookline, whose daughter, Joan, is the only grandchild.

In anticipation of next Monday's occasion C. R. C. Custer, vice-president and controller, issued this statement yesterday:

"I am very glad to take this opportunity to express publicly for the officers of the Autocar Company the high estimate which we place on Mr. Reiter's services, and also our regard for him as a faithful and efficient fellow-worker. In addition to the office routine that would be normal for a factory of this size, there are centered here, under Mr. Reiter's immediate supervision, many operations involved in the direction, supply and accountancy control of the fifty sales and service branches which we maintain in as many different cities. Twenty-five years is not too long a time to master the intricacies, both human and physical, of the job which Mr. Reiter is capably handling."

### Avoid Foreign Entanglements General Butler Tells D. A. R.

Major General Smedley D. Butler, U. S. Marines, retired, in his usual pyrotechnic style urged members of the Jephtha Abbott Chapter, D. A. R., to use their influence to insure "that no American soldier with a gun on his shoulder shall leave this continent for any reason."

General Butler, who addressed the chapter Monday at the home of Mrs. James R. Cameron, of Derwen road, Merion, also had much to say, none of it complimentary, about bankers, oil companies, stock brokers and William Randolph Hearst.

Delegates to the national conference of the D. A. R. to be held in Washington during the week of April 20 are:

Delegates—Mrs. Joseph Klumpp, Mrs. James R. Cameron.  
Pages—Mrs. Jacob C. Myers, Mrs. Albert W. Douglas.

Alternates—Mrs. Samuel Baker, Mrs. Charles Behny, Mrs. James Cameron, Mrs. A. Geraud Foote, Mrs. Lester S. Lamb, Mrs. Buell G. Miller, Mrs. Carlyle Helber, Mrs. T. Ewing Montgomery and Mrs. William D. Sherrard.

### Housing Survey Started on 2500 Township Homes

A survey of 2500 homes in the congested sections of Ardmore, Bryn Mawr and West Manayunk was inaugurated this week by the Township Planning Commission and the Community Health and Civic Association of Ardmore. It will obtain such information as condition of houses, number of persons per room, rent

data, and sanitation facilities, and will give employment to about eight persons for a month or more. The survey is being made with WPA Funds.

To Lower Merion's Republican leader, Peter C. Hess, is credited the week's snappiest political phrase. Referring to New Deal relief at a meeting in Conshohocken, the township treasurer said that the motto these days seems to be—"Rally around the bag."

The Nu Lambda Epsilon of St. John's Episcopal Church, Cynwyd, will present a play entitled "Once There Was a Princess" next Wednesday evening at the Woman's Club of Bala-Cynwyd at 8.30.

## THE IRON MAKERS

The richest deposits of iron in the world we owe to minute bacteria called Crenothrix. They worked in ancient lakes and swamps that covered vast areas long before the earth was inhabited by man.

First they absorbed the iron which the streams running into the lake had taken into solution from crumbling rocks in their course. Then they converted the liquid into a solid iron substance and deposited it back into the water, where it sank to the bottom. Constant accumulation of these tiny solid and concentrated iron particles made deposits that are richer and more easily mined than are the local ores about Philadelphia.

One deposit of this kind appears at Lorraine... some say the World War was fought to determine whether France or Germany should possess it. In America such iron extends from New York to Alabama, far beneath the surface most of the way, but outcropping near Birmingham and the Great Lakes.

A form of Crenothrix is found in some of our water today. When undertaking a discriminating search for a source of water supply, however, this organism must be carefully avoided. No streams containing it could meet the high standard applied by the Philadelphia Suburban Water Company.

### Girl Scout News

The Philadelphia Girl Scout Folk Festival takes place tomorrow (Saturday) at 2 o'clock in the Irvine Auditorium, Thirty-fourth and Spruce streets, Philadelphia. The two winning troops from each of the ten districts of the Philadelphia area will present their song or dance in costume. District 8 will be represented by Ardmore Troop 93, whose members will give the Norwegian dance to the accompaniment of the "Mountain Song."

The Main Line District 8 field director, Miss Helen Melvin, has arranged a pageant which will give sequence to the international numbers presented by the ten districts.

Merion Troop 207 has formed a Senior Patrol which will meet each Tuesday evening at the home of the captain, Miss Natalie Beyer, 617 Zolinger way in Merion. The five older girls who comprise the new patrol are Eleanor Andrews, Mary Dunlap, Jeanne Fiske, Julie Rowan and Constance Wetherald. The first meeting will take place on April 21. Troop 207 discussed long-term planning at its meeting this week at the Merion Tribute House.

Six of the most enthusiastic scouts in Wynnewood Troop 214 lived up to their second law, "A Girl Scout is Loyal," and at the same time played a joke on the rest of the girls in the troop. The six scouts sent a message to the captain, Mrs. Carl Morken, explaining they would not be present at the meeting held on April 1. A hike had been planned, so the rest of the troop proceeded to the chosen spot, only to be greeted by "April Fool—we wouldn't miss a scout meeting for anything!"

Saturday is the big day for Narberth Troop 125. Because they won first place for singing in the folk festival last February, they are going to represent the Main Line in the all-city folk festival to be held at Irvine Hall on April 11 at 2 o'clock. The girls of the troop will sing "Climbing Jacob's Ladder," dressed as little pickaninnies, led by Elaine Starr.

During the scout meeting the girls completed their wigs, which they made of black stockings.

The troop committee of Troop 125 will provide the dinner for the monthly leaders' meeting to be held at Bryn Mawr on Monday, April 13. At that meeting the district activities for the coming year will be planned.

An investiture ceremony which enrolled seven girls as scouts was held at the close of the Narberth Troop 8 meeting last Tuesday evening, the largest number of girls invested at a single time in several years. Scouts who received their pins were Mary Olive Bates, Mary Wade Collins, Shirley Baily, Clare Manion, Jane O'Connor, Marjorie Enz and Eugenia Thaysen.

A hike was planned for Tuesday afternoon, to start from the scout house promptly at 3.30. In case of rain there will be no hike, but there will be the regular meeting that evening.

During the class period the group working for their hostess and cook badges met with Mrs. Whiting to plan the dinner they will give. The tender-foot class learned several knots and their uses, and the second-class group studied the compass.

## Heart Attack Fatal

DR. GAVIN MORTON WALKER  
pastor of the Lower Merion Baptist Church, Bryn Mawr, who died suddenly of heart disease at 4.30 A. M. Monday.

## Dr. Gavin Morton Walker Dies Suddenly at Home

The Rev. Dr. Gavin Morton Walker last Sunday conducted his usual services at the Lower Merion Baptist Church, of which he was pastor.

Early Monday morning he complained to his wife, Mrs. Agnes Robertson Walker, of pains in his chest. Shortly after the arrival of Dr. John Harvey, Bryn Mawr, whom she had summoned, Dr. Walker died at the parsonage, 740 Lancaster avenue, Bryn Mawr. He was buried in the churchyard Wednesday afternoon.

Dr. Walker was a member of the Board of Trustees of the Eastern Penitentiary during the Pinchot Administration and of the Board of the Pennsylvania State Prison Society. Born and educated in Hamilton, Scotland, Dr. Walker came to this country in 1902. He held pastorates in Ontario, British Columbia, Pittsburgh and Phoenixville. He had been pastor in Lower Merion since 1930. He is survived also by a daughter, Mrs. Frank C. Dengler, of Wayne, and his mother, who is 86 and lives in Scotland.

## Open Women's Wear Shop in Cynwyd—Millinery, Yarns, Smart Gowns

The store at 171 Bala avenue, Cynwyd, has been transformed into a smart women's shop of which the Main Line may well be proud. It opened this week, under management of Mrs. John Winters, 123 Bryn Mawr avenue, whose Main Line Co-operative Shop on City line had been attracting a discriminating clientele.

Simplicity and good taste distinguish the appointments of the new shop, which has a very complete selection of women's wear, most of which is bought in New York personally by Mrs. Winters. Associated with her are her sister, Mrs. L. W. Gecker, and Mrs. Mildred Grommer, of Germantown, whose specialty is knitted wear. In connection with the sale of her imported and domestic yarns Mrs. Grommer gives knitting instructions.

Dresses are moderately priced to suit a wide range of tastes and budgets. Mrs. Winters specializes in well-tailored sport clothes. She also will have French Salon gowns—originals and copies of imports. Her object is to save Main Line women the inconvenience of going to town and shopping through thousands of clothes to get something distinctive.

Millinery is also available at the Cynwyd shop—draped by Mildred Omstead, of the Midette Drape Shop on Chestnut street. Although not expensive, there is only one of each model of hat. The same is true of the dresses.

## Antioch Chalice Shown at Franklin Institute

The celebrated Great Chalice of Antioch, is on exhibition in Franklin Hall of The Franklin Institute, Parkway at Twentieth street.

Formerly exhibited at the Louvre, Century of Progress Exhibition in Chicago, and recently at the Brooklyn Museum, the Chalice has been in the United States since 1914, when it was rushed here for safety when the German advance threatened Paris.

The Chalice consists of two parts, an inner cup and an outer goblet-shaped "shell" designed as a holder for the cup. Among the decorations of the holder are twelve seated figures, two of which represent Christ.

On Holy Thursday, April 9th, and on the following Thursday, April 16th, persons need not pay any admission charge, unless they intend to visit the other exhibits. However, on all other days only visitors to the Wonderland of Science are admitted free.

## Board of Health Wages Fight Against Diphtheria

Before 1894, in each year there occurred in every 100,000 population 400 cases of diphtheria, and of these 150 died. Eighty per cent of those who died were children under four years of age. Then came the discovery of antitoxin for the treatment of diphtheria and the protection of those who had been exposed to the disease. By 1913 the number of cases per year in every 100,000 population had fallen to under 300, and of these only 35 died. To be effective in the treatment of diphtheria, antitoxin must be given early in the disease. Children treated on the first day all recover. But can your baby tell you it has a sore throat? Unfortunately the disease is often not discovered until two or more days have passed, and so five to ten per cent of the patients are sure to die.

In 1913 the first method to protect children more or less permanently against diphtheria was discovered. Three injections of toxin-antitoxin were found to protect nearly all children for a number of years and possibly for the rest of their lives. More recently, simpler methods have been found, which are equally effective in protecting against this dreaded disease.

As a result, the yearly death rate has fallen in 1935 to less than three for every 100,000 population. This has been accomplished by arousing the interest of parents in the safety of their children. If every child in the land were given preventive treatment, diphtheria could be wiped out.

The Lower Merion Township Board of Health, in co-operation with the Main Line Branch of the County Medical Society, the School Physicians and the Health Centres of the Community Health and Civic Association, plans to wage an unending fight to wipe out this disease. Each year it will conduct a Diphtheria Prevention Campaign. We need your help. Your child has a right to protection. Watch for the Campaign Articles in this paper during the next three weeks. See your family doctor.

In the accident Mr. Gilroy sustained compound fractures of both legs and other serious injuries. He was in the Bryn Mawr Hospital about three months and since then has been confined to his home. He is now able to go about on crutches and his complete recovery is expected soon.

## Nurseryman Advises on Lawn Improvement Plans

"A good lawn is vital to the appearance of a suburban property," is the view of Conrad J. Albrecht, of the John Albrecht Nurseries, Narberth, who has made an exhaustive study of grass seeds. The fine lawns at the Philadelphia Memorial Park are the result of his work.

"Planting should be done in the cooler weather of spring and fall," he advises. "Seed planted this month will thrive and form a good turf this season, provided the soil is properly prepared and good seed is used."

To insure an adequate supply of fine seed to replace many of the poor mixtures on the market, Mr. Albrecht made a study of local conditions and began the sale of three mixtures designed for Main Line lawns. Sold at competitive prices, the various blends contain a high percentage of the most costly seeds. He delights in showing and explaining the formulae which assure the proper results.

## \$750,000 Building Operation Planned for Villanova

Dagit Brothers, architects and developers, of Philadelphia, through Hirst & MacFarland have purchased a tract of forty acres at the southwest corner of Spring Mill road and Morris avenue, Villanova.

Dagit Brothers will immediately start construction of roads through the tract, ten acres of which are in woodland, and commence the construction of new single houses on plots of 1 1/4 acres or more, which will be offered for sale through the same brokers.

The buyer paid \$150,000 for the land, while it is estimated that the total cost of the completed development will be approximately \$750,000.

The new roads, which will be laid out according to township specifications, winding through the tract, will make available 6600 feet of road frontage, or about twenty-five sites.

## Recent Paintings Exhibited at English Village Studio

In their studios in the English Village, Wynnewood, Paul Gill and Sue May Gill are having an exhibition of their recent paintings, a number of which were painted in Old Mexico last summer during a two months' visit to that enchanting country.

Paul Gill, well known for his marines in oil and watercolor, is exhibiting a number of large and small paintings of Mexican natives, their villages and huge cactus plants.

Sue May Gill contributes recent portraits of Philadelphians, a number of sketches of Mexicans and several beautifully painted flower compositions. Several of her most interesting portraits are Mr. A. G. B. Steel, president of the Academy of the Fine Arts; Mr. Edward Warwick, president of the Industrial Art School; "Figure in White," a sensitive interpretation of Mrs. William Helms and Baby Anne in white, the charming little daughter of Mr. and Mrs. Victor Rehr.

The exhibition is open to the public from 3 to 6 each afternoon until the 19th of April, inclusive.

Most assuredly, but what does that have to do with the Lumber Business? Only this—

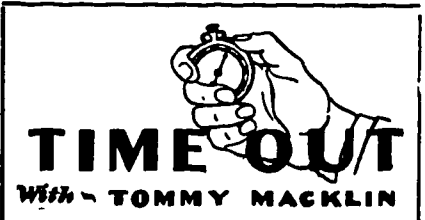

During the Winter just past many garage doors were kept closed because of the snow, ice and general frost condition. You probably determined at that time to correct this condition at the first opportunity. That time is NOW. Possibly your present doors can be adjusted, or you may be interested in replacing with Overhead Doors. The overhead plan may be worked by using your present doors or you can have them replaced with new ones. At any rate you don't want to go through another Winter like the last, so be prepared—Do It NOW.

Rain and cold crowded all of the baseball players into the gymnasiums the early part of the week and thus many scholastic games were postponed.

The Maroon Bulldogs, of Lower Merion, were scheduled to play Overbrook High School, of Philadelphia, on Pennypacker Field Tuesday afternoon, but too much water was standing on the infield and a cold wind was whipping out of the northwest. If the weather moderates the game will be played later this week.

An interesting sidelight will occur if Bill Bassett is called upon to pitch for the Merionites. Bill attended Overbrook High and the situation has the flavor of a cast-off returning to mow down the ones responsible for having him sold down the river. Of course no one in these parts would consider a transfer from Overbrook to Lower Merion as being any part of "down" a river, unless it happened to be someone who goes to Overbrook. Anyway, Bill was a successful pitcher for the city school, and now that his family have moved to Lower Merion Township, he is a welcome addition to the Maroon pitching staff.

Dick Whitney, who pitched intelligently and effectively against Episcopal last week, may be called upon again to hurl the team to another victory. Dick will probably carry the burden of most pitching assignments this year if he can get enough rest between games. He should have a fine year, for he is one of the best pitching prospects in the entire league.

#### BASKETBALL CHAMPIONS 1935-36

Main Line League—Penn Wynn. Knew too much basketball.  
Main Line Church League—Sellers Memorial. Too much height for the others.  
Main Line Amateur Tournament—Bryn Mawr Presbyterian. Plenty of class when they exert themselves.  
Suburban League—Lower Merion. Should be State champs but aren't.  
Suburban Junior High League—(Tie) Lower Merion, Haverford, Phoenixville.

The Lower Merion track team opens the season with a dual meet on Pennypacker Field tomorrow afternoon. Northeast Catholic will bring a well-balanced team to the Main Line this year.  
Don Vogts and Ed Beetem, the two Goliaths who team up in the field events, are in good early season shape, and with some help from the dash men Lower Merion may be able to get a win over their first opponent.  
If John McIntyre, over-age Junior High sprinter, comes up to expectations his work in the quarter mile and relays will make a strong contender out of an otherwise doubtful situation. The West Manayunk boy should be able to break the quarter-mile tape around fifty-two before the season is over.

#### Sunrise Service Easter Sunday

Among Easter observances this year will be the Sunrise Service to be held on the beautiful Cobbs Creek Park knoll near the golf clubhouse on State road between Haverford avenue and West Chester pike. The gathering, sponsored by churches of the northwestern Philadelphia and suburban area, will begin promptly at the sunrise moment—5:27 A. M. Easter Sunday.

The committee responsible for arrangements is composed of Rev. Vincent D. Beery, pastor of the Patterson Memorial Presbyterian Church; Rev. Avery S. Denmy, Narberth, of the Overbrook Baptist Church, and Rev. Charles Evans, of the Addison Henry Presbyterian Church.

#### Main Line Baseball League 8 Teams, to Open May 16

Eight teams will comprise the Main Line Baseball League, with the first games to be played May 16.

The clubs are Narberth, Gene Davis' defending champions; Coatesville, Philadelphia Eagles, Berwyn, Gladwyne, Malvern, Brookline, with Downingtown expected to come in.

In an exciting session Wednesday night at the Arcadia Restaurant, Narberth, Charles Madden's Paoli team dropped out of the circuit, while Richard Mulligan decided to merge his Cardington outfit with Eddie Hare's Brookline team. A ten-club league had been considered.

Malvern is a newcomer to the competition.

#### -SPORTLETS-

Haverford College golfers opened their season with 7-to-2 victory over the West Chester State Teachers' College, playing over a soggy course at the Merion Cricket Club.

Mrs. Karl F. Scheidt, of Wayne, with an 88, and Mrs. Thomas R. Hulme, Ardmore, with a 96, qualified to play on the championship sixteen in the annual women's North and South golf tournament now under way at Pinehurst, N. C. Both are members of the Merion Cricket Club.

Old Man Weather has won most of the outdoor athletic events during the last week, with more postponements than games played.

Haverford College's nine plays two home games next week, meeting Lehigh Tuesday and Lafayette next Saturday.

The Interclass track meet is scheduled for this Saturday. The golf team meets Osteopathy at home Monday, Delaware at Newark, Del., Wednesday, and Cornell at home Thursday. Tennis matches are with Penn at Philadelphia Wednesday, with F. and M. at home Friday. Hampden-Sydney's Virginia Tigers defeated the visiting Haverford nine, 8-2, knocking Brown out of the box in the fourth.

Lower Merion High's track squad meets North Catholic at Ardmore this Saturday.

Friends' Central School baseball team won its initial contest from Central High, 7-5. Episcopal Academy, downed in the opener by Lower Merion, came back to take a close one from Haverford Township High, 6-4.

On Tuesday the baseball schedule for suburban high school teams sees Lower Merion at Abington, Haverford at Cheltenham, and Media at Radnor. Next Friday finds Lower Merion at Haverford, and Radnor at Darby.

Haverford High's runners will start against Norristown, away, on Wednesday.

Doc Jacobs' Villanova diamond stars face Seton Hall at East Orange, N. J., this Saturday; Ursinus at Collegeville, Wednesday; and at Villanova, St. John's Thursday and Providence next Friday.

This week the Narberth Boys' Club elected as officers David Stroup, president; Robert Aloysius Hood, vice-president; Thomas Patrick Donahue, secretary; Daniel J. McGarry, Jr., treasurer.
